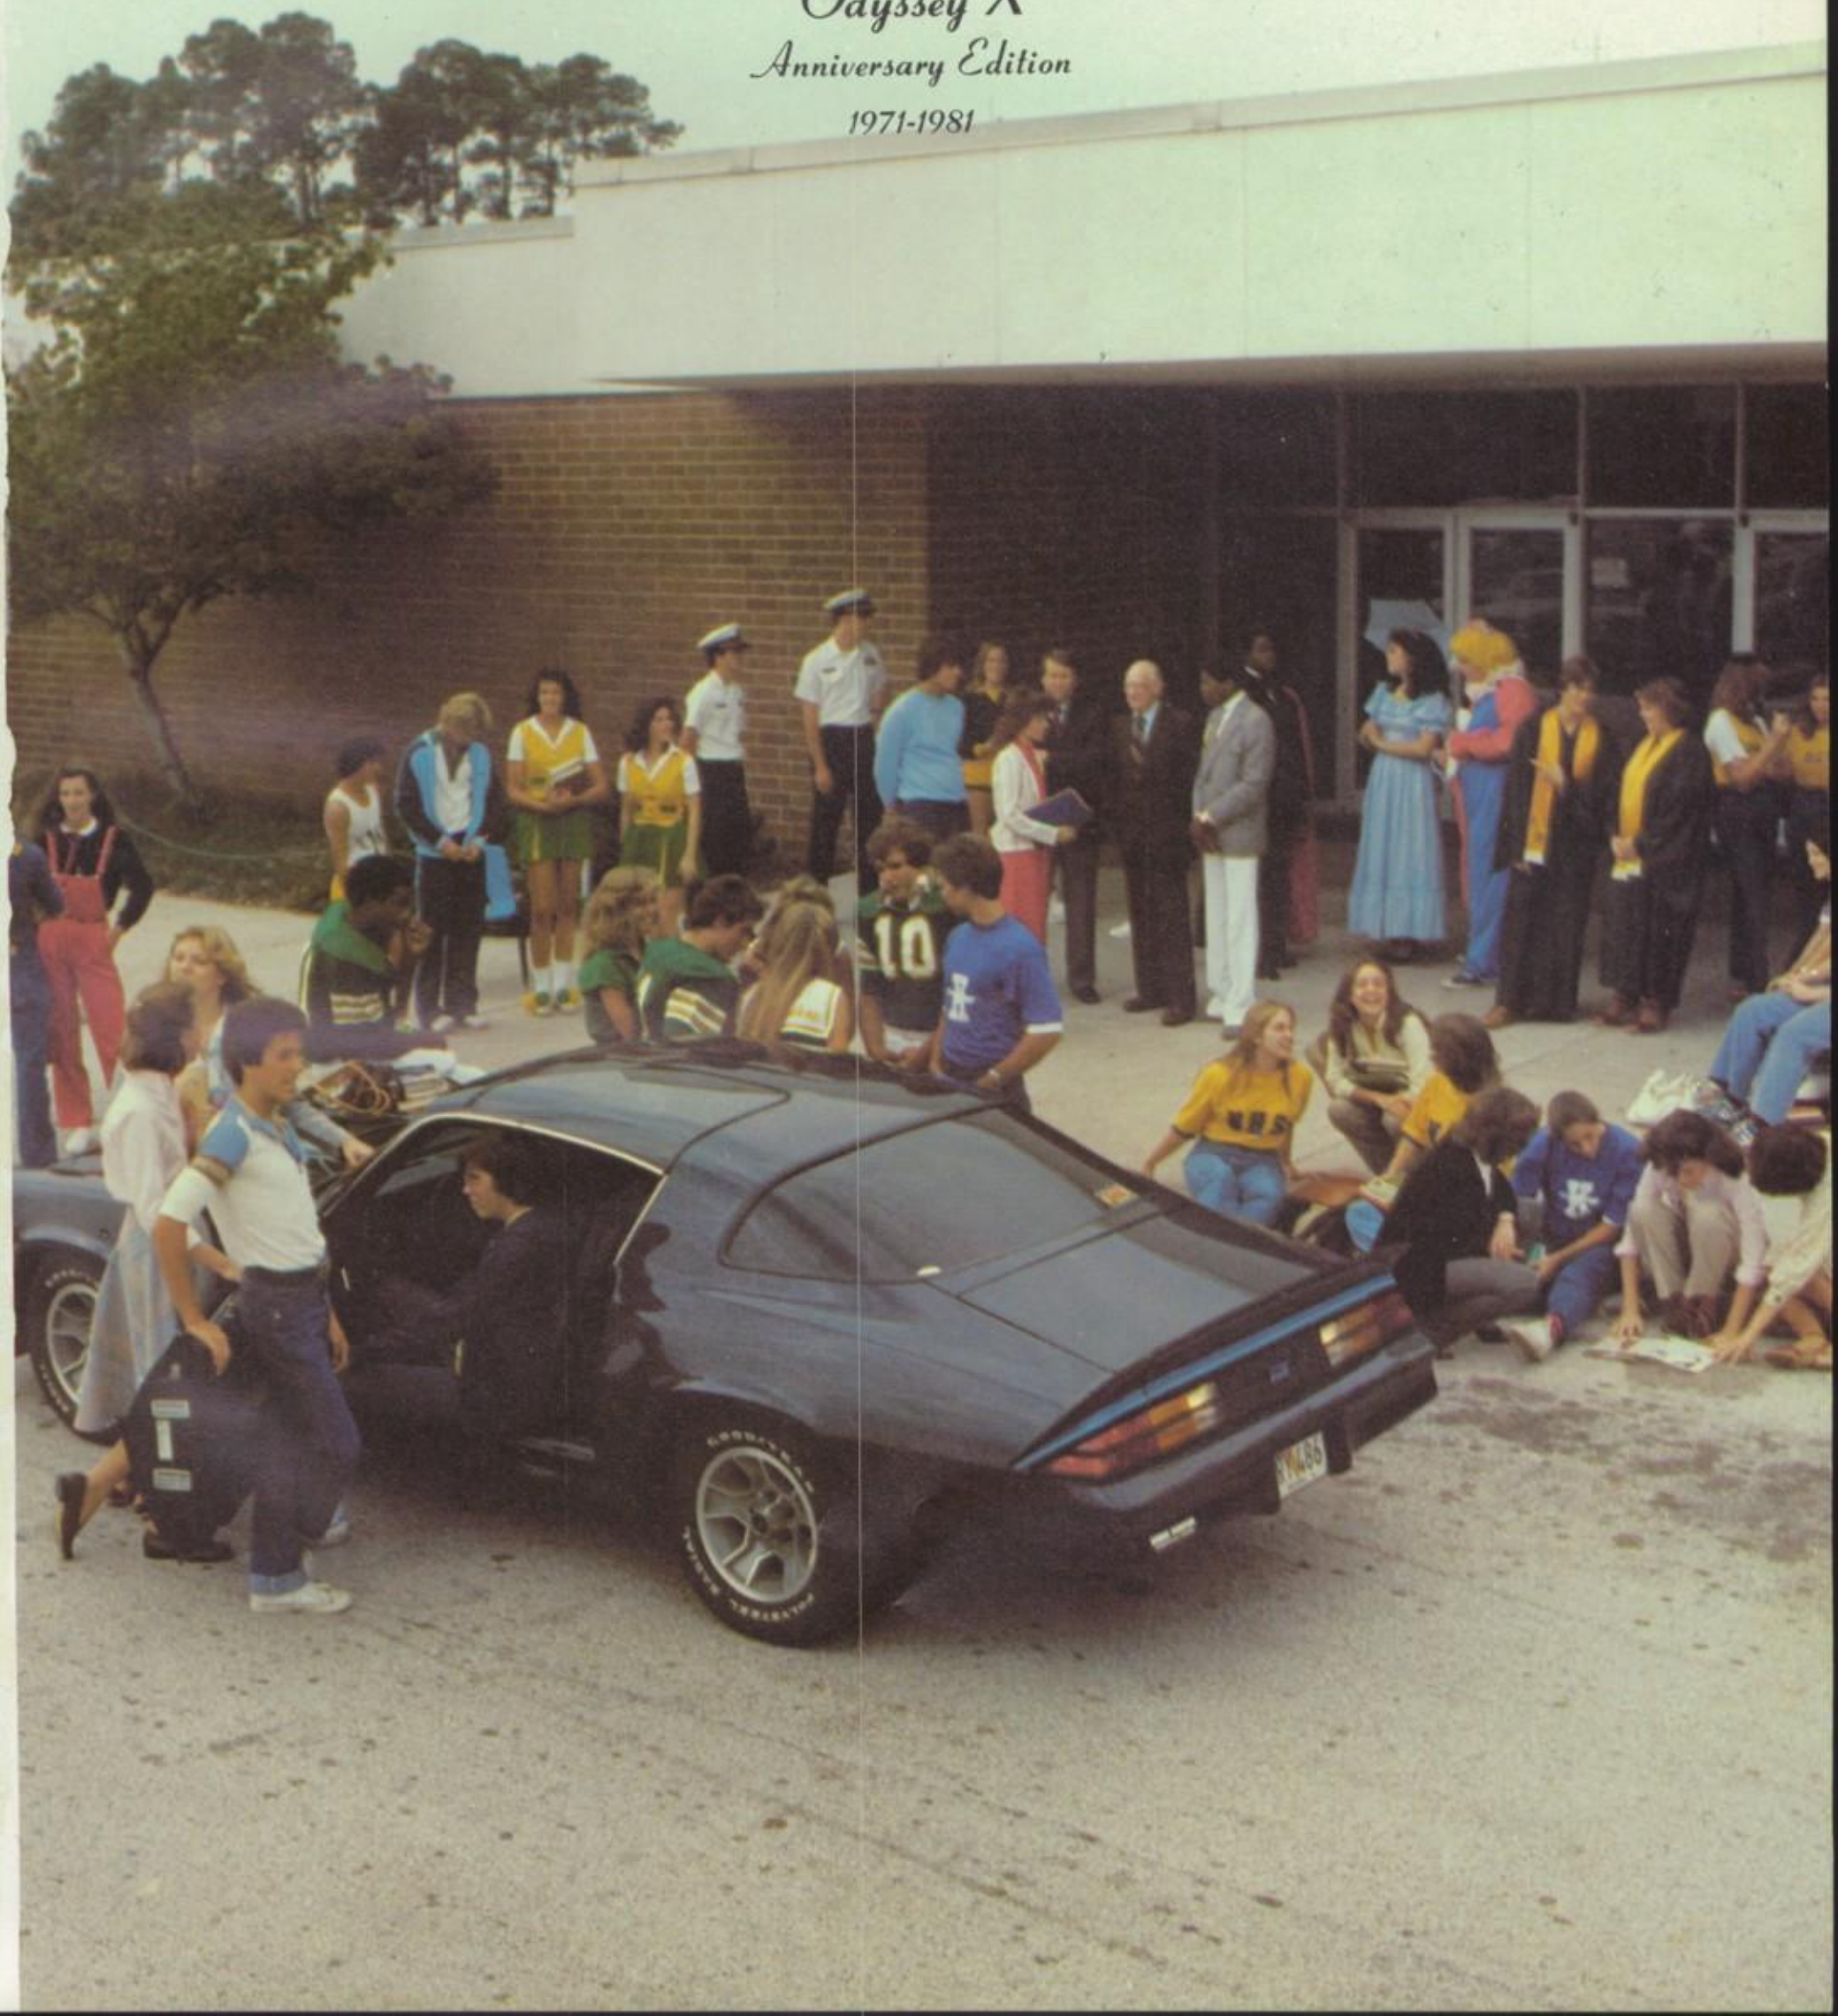
Odyssey X
Anniversary Edition
1971-1981



A Tribute to

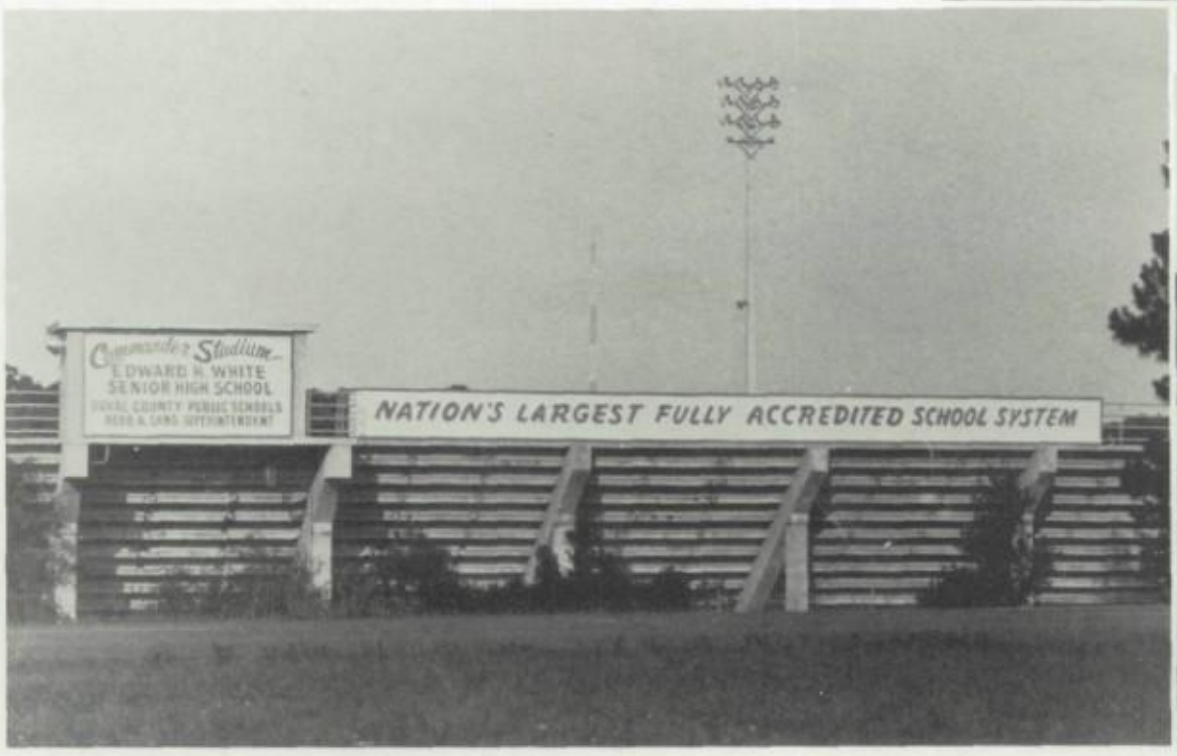
In the fall of 1971, Edward H. White Senior High School first opened its doors. What was once a wooded lot, stands today as an outstanding educational facility in Duval County.

The school is located on a 43 acre site of Jacksonville on Old Middleburg Road. With a floor space of approximately 203,000 square feet, construction costs reached $3,326,512. The total design is based on recognition of students' ability to act with dignity and responsibility. Its open classroom concept and modular scheduling provide administrators, teachers, and students with a building designed to meet educational needs.

Within this facility many dedicated people have made our school the best. When the school opened in 1971, Dr. Frazier Long was the principal. Of the present faculty, 42 teachers helped open the school. In September of that year, Ed White's first students entered the school doors. The year was an exciting one as everyone worked together to make it a success. Commander pride showed through in their efforts.

Today, Mr. John Thombleson serves as principal. The 109 members of the staff and our 2,080 students help make Edward H. White Senior High School rank among the top schools in the nation's largest fully accredited school system. The progress we have made is reflected in our students.

Throughout the years, our school has experienced change and growth. As we celebrate our tenth-year anniversary, we look back at our accomplishments with pride; we look forward to our continued success in the years to come.



our school

The Twentieth Century has been called, and rightly so, the Age of Space Exploration. For the first time, Man has begun to shake off his dependence on Earth and has stepped out into the universe. Because education is the beginning step in whetting Man's curiosity about the unknown, it was felt that this new building, with its new design, should reflect the pioneering spirit that led Man into space.

On June 3, 1965, Major Edward Higgins White, II became the first United States astronaut to emerge from an orbiting spacecraft and "walk in space."

At 6:31 p.m. on Friday, January 27, 1967, the U.S. space program suffered its first "on premises" fatalities. At that time, three astronauts — Air Force Lt. Col. Virgil I. Grissom, 40, Navy Lt. Cmdr. Roger B. Chaffee, 32, and Air Force Lt. Col. Edward H. White, II, 36 — were killed in a flash fire aboard the Apollo I spacecraft as they prepared for the first manned Apollo space flight.

Any one of the astronauts' names is worthy for selection as a school name; but because White was once a resident of Jacksonville and because it was he who first walked in space, it was decided to take him as our representative of the courage, initiative, and dedication necessary for Man to conquer the unknown.

In addition to the name of the school, the Roger Chaffee Gymnasium, the Gus Grissom Media Center, another man who played a major role in the founding of the school is honored. Sam Hardwick, named as principal of the high school in 1968, was no less dedicated to enlarging Man's knowledge than the three astronauts. He died January 2, 1971, before he could see his dream of making this school the finest a reality. Because of his dedication and sincere interest in our youth, the auditorium bears his name.

In our anniversary year, we salute these outstanding people for whom our school is named.

EVENTS

Walk-Thru Scheduling Prepares

Walk-thru scheduling is a busy event that takes place before the first day of school. Using a college-style system, students pick up class cards for each of their courses. Even though the process is at times confusing, frustrating, and crazy, it works! Students have the opportunity to set up their schedule and pick their teachers for the coming year. Walk-thru gives students a feeling of responsibility in determining their year at Ed White. And the Seniors like it best, because they get the first pick of classes!!

Students for the School Year

Ed White Students Rank #1

Students at Ed White have proven their ability academically. Our school ranks among the top on county-wide tests; our Brain Brawl teams do well in competition with other schools; and we have over 100 members in the National Honor Society. Because of modular scheduling, time can be found during the day to work in the Media Center or receive extra help in department resource areas. We can be proud of our achievements.

Students Love . . .

When a student of Ed White isn't cramming for a major test or trying to finish a 10-page research paper due next mod, he can select a number of activities to occupy his spare time. Perhaps the most common activity for students is socializing with friends. This may be done in the cafeteria.

In the beginning of the year, football games were a major part in the life of students. This was a time for meeting old friends, making new friends, or just being with the crowd. Although the happy times pass, the high school memories linger on forever!!

Different Strokes for . . .

There are many new striking fads this year in fashion. Some of the new styles of today are from fashions of yesterday. The prep and western look have proven to be very popular among students. Lace-collared shirts, ribbons and classic looks are being worn by female students. Sweaters, oxford shirts, chinos, docksides, penny loafers, and cowboy boots are being worn by both sexes of the Ed White student body. Blue jeans, as usual hit the top again as a fashion favorite.

Commanders Show Pep Rally Spirit

Homecoming week and its many festivities were planned under the leadership of Holly Bessent, Homecoming Chairperson. Events were unified under themes "The Commander Empire Strikes Back" and "Another One Bites the Dust." Homecoming week began on Monday, October 27, with students dressing up like the characters in "Happy Days." On October 28, people were dressed in striped shirts and polka dots for Clash Day. On October 29, the school was filled with Hillbillies. The hallways were congested with clowns, monsters, witches, and Morton Salt on October 30 for Dress-up Day. Real enthusiasm and pride in our school was felt as the band marched into the gym for the Blast-off Pep Rally Thursday night. Skits were performed by many organizations. The Drama Club won first place in the competition. The outstanding Seniors placed first for their decorative hall. The French Club won first place in the poster competition, while DECA won first place in the float competition. At last it was time for the crowning of the 1980-81 King and Queen — Mike MacArthur and Kim Dick. After the Pep Rally, everyone gathered outside to watch the huge bonfire and to participate in the fun of the car bash.

Homecoming was considered a success by all who participated in its variety of activities and the winning effort by the Commander Football team. The victory score was Ed White — 27, and Ribault — 6.

As we stand on the threshold of a new decade, we will all witness events, discoveries and progress not yet thought of. You will also continue enjoying living in a free country, making your choices, voicing your opinions, enjoying life and getting the best possible education.

Your life will be filled with extraordinary challenges, but I am confident that you will also arrive at the proper solutions. Generations to come will depend upon your success. You have made a beginning. Now continue to grow and expand; continue to learn and teach. The future is yours — and it's now — keep the magic of our Commander Pride with you always.

Junior Class Officers

Following in the traditions of previous Junior classes, this year's Junior class began fund raising to help finance the prom. They held the annual Turtle and magazine sale and won the $200.00 prize given for buying the most tickets to the Lake City football game. The Juniors were also very active in this year's Homecoming Activities. They placed second in Hall Decorations and third in Floats. For the first time the Junior Class was represented in the Homecoming Court. The representatives were Denise Kornegay and Scott Dukes.

The officers this year are: President — Karen Engels, Vice-President — Chantal Loy, Secretary — Elamor Franco, Treasurer — Debbie Davidson, Historian — Dawn German and Sergeant-at-Arms — Jimmy Fedick. The sponsors are Mr. Robert Cantrell, Mr. Stewart Dowless, Ms. Sally Hague, and Ms. Sandra Stewart.

Sponsors: Mr. Cantrell, Mr. Dowless, Ms. Hague, and Ms. Stewart.

Officers: Jimmy Fedick, Elamor Franco, Karen Engels, Dawn German, Debbie Davidson, and Cindy Cabales.

Officers Elected

Brian Johnston led the Sophomore class into being the best ever. In the first Pep Rally, the Sophomores showed who had the most spirit. The Sophomore Class was very enthusiastic and showed their enthusiasm when they cheered the victory song. Their spirit was shown when they won the spirit stick. For Homecoming, the officers were busily preparing and decorating the hallways, float, and practicing their skit. The hard work that was put in paid off. During halftime, Sophomores showed the float they had built. The class had done such a great job on the float, that they took second place. The skit they performed was entertaining and well-prepared. Sophomores made third place with their skit. The officers started off well, and plan to make the 1980-81 year the best ever!

Sponsors: Ms. Walker, Mr. Force, Mr. Burroughs, Ms. Sorrels.

Officers: Top: Natalie Knabb, Treasurer; Sherri Keene, Historian; Ivy Sobremonte, Chaplain; Gina Scott, Secretary. Bottom: Gene Moore, Vice-President; Brian Johnston, President; Irene Aquino, Sgt. at Arms.

Coaches Comments

Coach Doar: "We have an excellent athletic program here at Ed White. Our coaches are interested in young people and teach not only the sport but those traits expected of young athletes in our society. The administration and teachers give their support and help make our program one of the best in the conference."

Mr. Taskett: "The coaching staff is the greatest but the lack of support of the sports program, except for football, is very low."

Mrs. Roberts: "The golf team provides the girls with an opportunity to build their self-esteem and at the same time develop athletic skills."

Miss Davis: "The over-all athletic program needs help. There are too many capable athletes male and female who do not enter the activities offered."

Ms. Miller: "The Ed White swim team is helpful and supportive to each other and I am proud to have such a fine group representing the Ed White Commanders."

The Commanders Log, "The Eyes

Putting out the best high school newspaper in the county was the main goal "The Commander's Log" set for the 1980-81 school year. Mrs. Anne Hager, in her first year as advisor, led twenty-nine enthusiastic staff members in publishing six high-quality newspapers. The "Eyes and Ears" of Ed White also published the Ed White "Student Directory," a first ever for this school. This year's newspaper staff experienced learning the many phases in publishing a newspaper, from reporting and writing, to advertising and circulation. Senior Editor-in-Chief, Philip Dignan and Junior Editor-in-Chief, Denise Kornegay led the class to a successful year.

Student Council Strives

The purpose of the Student Council is to represent the school and lead the student body.

The Student Council possesses a deep concern for student and faculty involvement. With this involvement, Edward H. White, as a whole, has had the best homecoming, held a Mock Election and sold Space Hanks for the 1980-81 school year.

The General Assembly, which consists of the Student Council and Homeroom Representatives, really motivated this school year. The Homeroom Representatives contributed exquisite ideas toward our activities for the year.

Student Council goals for the future are to make amendments to the constitution, promote more school spirit and obtain equal activity involvement.

NHS Enables People

The object of the National Honor Society is to create enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in its members. Members of the NHS were selected by the faculty on the basis of character, scholarship, leadership, and service. New members were tapped and formally inducted in November and February. As a surprise, the NHS bestowed an honorary membership upon our principal, Mr. Thombleson. Some of the NHS service projects included a Thanksgiving Basket, volunteering at the Special Olympics, and assisting the Guidance Department with student records.

FBLA I and CBE

FBLA — Future Business Leaders of America — and CBE — Cooperative Business Education — really mean BUSINESS!! Students in the CBE program attend classes each morning, then leave school after Mod 8 for their offices. CBE students are employed part-time in a local business office and receive credits, dollars, and experience for their work.

FBLA is the in-class part of CBE. FBLA is a national organization designed to develop the business leaders of tomorrow. FBLA members participate in business competition such as accounting, typing, data processing, and about fifteen other contests. The Ed White FBLA Chapter is one of the most active and most successful in Duval County. The most important activity is the annual Employer Luncheon. The luncheon expresses appreciation to the employers for their help in providing office experience for the CBE students. Upon graduation, the majority of students become full-time office employees with the same company where they have worked as CBE students. The FBLA colors are blue and gold.

Yes, an elective that pays off. They have jumped into the business world ahead of time because the challenge won't wait 'til tomorrow. Many of them have already been offered full employment upon graduation. They are earning our wings every day! There is spring in their walk. They feel secure and depended on. The members have a boss who appreciates their devotion and effort and gives them an incentive and goal worth striving for. FHA started out the new year by initiating their new officers. Then they attended a District meeting in Madison, Florida. At Homecoming, they showed their school spirit by their participation in the float, skit, and poster competitions. During Christmas, they provided for a needy child. For 1981 they beautified the campus for the Rose Ceremony. In February, they entered the District Contest at Middleburg High School. In April, four delegates were sent to a State meeting in Kissime, Florida. Other community service acts consisted of programming a cerebral palsy child, visiting a nursing home, and to have an in school panel on teenage problems.

The Drama Club offers students whose special interest are in the domain of fine arts opportunities to work and to perform in theatre. Members have shown talents in areas of dance, performance, stage technology, speech, and music. Some members have won various honors in these specific areas. The Drama Club is given the pleasurable task of adding to the social life at school enjoyment through full entertainment and presentations. The Drama Club presented several plays that gave students opportunities to excel in their theatrical talents. Students receive points by a strict point system for performing, directing, and constructing sets. After receiving ten points, the students are inducted into the Thespian Society, an international theatrical organization. New Thespians were inducted in November. The Drama Club presented a skit for Homecoming which won first place; competed in district and state competitions at JU and in Miami, competed in scholarship competitions, and it cherished its many opportunities to visit many shows and plays in downtown Jacksonville. Some of its service projects included the providing of primary materials for the elderly. The Drama Club is a vital contribution to the social structure at Ed White.

The French and Spanish

This year the Spanish Club has changed their name from Los Bandidos to Los Castellanos. The purpose of the club is to provide interested students with an opportunity to learn about Spanish customs and culture. Under their sponsor, Ms. Sally Hague, the club had a number of planned activities for the year. These included a "get acquainted picnic" at Ft. Caroline to start off the new year; the Foreign Language Field Day, in which, for the second year in a row, Ed White took top honors as the overall winner for both academic and olympic competition; and their Third Annual Christmas Party, which was given for all French and Spanish students. The highlight of the year is the Spanish Conference, held in Orlando. All in all, the Spanish Club had a great year. Many thanks and appreciation go out to Ms. Hague for all of her support and patience.

SPQR Is Wild

Latin students expand their horizons in all directions through SPQR. Major activities for the year included the Duval County Foreign Language Field Day and District, State, and National Conventions for this large 80 member club. The purpose of SPQR — to promote an interest and appreciation for the cultural value of classical civilization in an informal and social atmosphere and to promote academic competition in classical subjects at the district, state, and national levels — was well achieved. SPQR members won 20 awards at the National Latin Forum in Knoxville, Tenn., in August, and 27 more in helping place Ed White first in both academic and olympic sweepstakes at the Duval County Foreign Language Field Day. Ed White also played host for the second time in three years to the 1,000 plus Latin students from throughout the state at the State Latin Forum in Jacksonville in April. The name of the club, SPQR, is based on the Latin phrase "Senatus Populusque Romanus" which means "the Senate and the Roman People" and symbolizes Ancient Roman democracy. The competitions in which these Latin students compete give them an opportunity to measure themselves against others in academic areas and to experience chariot races, authentic Roman costumes, and other culturally related activities. SPQR members have consistently for several years won over 100 awards each year to rank Ed White among the top three schools in Jacksonville and among the top ten in the state.

The Band Marches

The 1980-81 Marching Band had a very successful year. With the leadership and help of Mr. Roy McCance, Band Director, and Gary Ackerman, Drum Major, the band practiced every day after school to perfect their field show. The contests they entered were at Valdosta, Forrest, and the Gatorbowl. The band left with high ratings. They also marched at DisneyWorld, and at Stilwell to encourage students to join the band. The Marching Commanders are a big part at Ed White.

Chorus Brings Music to Our Ears

Music, being the universal language, is what we try to translate to our listening audience, whether it be the classics, folk or jazz, performed by individuals, ensembles or choirs. Festivals and contests are part of the year's activities. In the fall we began with a Choral Variety Show. Then comes Christmas music with many concerts for the community, as well as here at school. Spring tours are planned each year. We hope the school body receives as much pleasure in listening to our music as we have performing it.

Interact: The New Club

One of the most successful new clubs to form during the 1980-81 school year has been the Interact service club, under the faculty leadership of Mr. Stewart Dowless and the sponsorship of the Men's Rotary Club of Jacksonville. The club, composed mainly of athletes, had a very busy schedule this year.

The first club event was the nominations and try-outs of the club sweethearts. Next on the agenda was the first of two major service projects designed to benefit the community. For Thanksgiving, three baskets were prepared for needy families. The next project was helping the Muscular Dystrophy Foundation distribute their pledge sheets for the annual M.D. Walk-a-Thon. The major fund raisers for these functions were the selling of Christmas carnations and a number of car washes.

The Key Club had many successful fund-raising events including their car-bash at Homecoming and putting on the Gong Show in March. The Ed White Goldiggers, currently in its second year, is a club whose main purpose is to assist the Athletic Department in its endeavors at fund raising and to promote the sale of football programs. Members are selected on the basis of scholarship, enthusiasm, cooperativeness, personal attributes, and a willingness to work.

Cheerleaders

This year, the Ed White Cheerleading Squad was composed of 12 new faces. Although it was a brand new squad who had never cheered together before, they accomplished much. The cheerleaders' long hours of hard summer practice paid off when they were awarded 3 Superior ribbons and a spirit megaphone at Golden Eagle Cheerleading Camp. Some of the highlights of the year include riding on an airplane during the Homecoming Parade and being chosen to accompany the Mayflower Moving Company float. To raise money for expenses, the Cheerleaders held two car washes during the summer and sold donut certificates, Christmas grams, and spirit buttons for the football games. The main fund raiser was the 2nd Annual Sports Auction. During the school year, the Cheerleaders showed their spirit and dedication by cheering at all football and basketball games, decorating the players' lockers and locker room, and making spirit signs for display on the football fence and for the football players to run through. The 1980-81 Cheerleaders were proud to represent Ed White High School during its 10th Anniversary.

Became Best Majorette

The Ed White majorettes became a major part in the Marching Band. Their colorful uniforms and cheerful attitudes were shown when performing on and off field. They attended the Southern Open Competition with the Marching Band and received Superior rating. They had also attended the Forrest Marching Contest. With determination and enthusiasm, they received best Majorettes in their class. The corps was led by Barbara Kirkland.

Flag Corps Shines

The Flag Corps is a pretty sight to see during half-time at football games. Their performance was enjoyed by all who watched it. They practiced every day with the band to perfect the little flaws they had. During half-time, one can see how much was put into making the show both enjoyable and entertaining. The 1980-81 Flag Corps increased its members. The Corps added four additional people. The number of girls this year amounted to twenty compared to sixteen members the previous year. Their performance ranged from large flags, small flags, streamers, and dance lines, thus proving the variety of the Flag Corps. They received superior ratings at the Southern Open Contest in Valdosta, Georgia. The Corps was led by Kathy Kennedy.

Mat Girls Cheer

Mat Girls do a number of things besides cheering for the wrestling team. They also sell tickets, announce at matches, operate the scoreboard, work at the concession stand, and make signs. This year, the Mat Girls had plenty of time to prepare themselves for the wrestling season, due to the fact that they had started forming early in the school year. Their preparation will be benefited by both the wrestling team and the Mat Girls themselves.

The Rifle Corps

Although the Rifle Corps had only started during the year 1979-80, the new and old members showed great progress and ability while performing during half-time with the band. They practiced over the summer with the help of Kenny Williams, a graduate of Ed White a few years back. The Rifle Corps also attended a Norma Dearing camp to learn a few tricks and to improve their twirling to their fullest extent. Their everyday practices after school were very helpful when contests arrived. At Valdosta, Georgia, they received a superior in rating. The Rifle members of the 1980-81 Marching Band are: Lori Kibby; Captain, Dawn German; co-captain, Joann Cook, Bernice Tretick, Carla Rogers, and Elamor Franco.

Elamor Franco, Editor-in-Chief

A Note From the Editor . . .

I hope your years at Ed White have been both educational and enjoyable. This yearbook was produced to help you relive all the good memories during your 1980-1981 school year. Memories such as walk-thru, football games, pep rallies, Homecoming, dances, elections, pageants, and classes have been included. Hopefully, as you look through your yearbook, the happy and fun times will be evident. The different events have been covered by the annual staff to help make your memories more realistic and special. For without you, the students of Ed White, this yearbook would not be possible.

Putting a yearbook together can be both frustrating and rewarding. Without people who are willing to work, this task can also be impossible. The 1981 Odyssey X staff deserves special recognition. They had the time, energy, and effort needed to produce a yearbook in which there is great pride. Many days, nights, and weekends were spent working on the different layouts, copy, and designs. I hope one day, every staff member will realize the significance of the times spent in the student activities room. Admittedly, the times got rough, but we survived. Just to remind the staff of the wild times we had together, remember these famous quotes: "Where's the wite-out?" . . . "I told you, don't call me air-head!" . . . "I'm hungry — where's the food?" . . . "What do you mean you lost the pictures?" . . . "Jenny, did you break the typewriter AGAIN!?" . . . "These layouts are all wrong — do them over!" . . . "John, why don't you get lost!!" . . . "Oops, the wite-out spilled on the typewriter!" . . . "Oh no, I wrote the wrong page numbers!" . . . "Ms. Knold, I don't understand!" . . . "Who broke the cropper!" . . . "Where's the wite-out?" . . . "Hey look — Jeff's actually working!" . . . "Kenny and Joe, pick up the paper airplanes?" . . . "How are we going to get 160 pages in 2 days!"

I wish to thank my staff: Holly, Kenny, Lynn, Hubert, Betsy, Darcy, Martha, Cheryl, Shari, Lori, Jeff, Joe, Leah, Ann, Sheilah, Theresa, Milo, Dawn, and John. A special word of appreciation goes to Jenny Vedral. Although she may have had other activities to keep her busy, she always seemed to have extra time to work on the yearbook. Her friendship and optimistic ideas helped us push towards completion of a successful yearbook. Phillip Dignan also deserves recognition. Although he is in the Newspaper staff, he helped us with the layouts and gave us helpful criticisms.

The staff and I would also like to thank the advisors who played a major role in the production of the yearbook. Although this was Ms. Knold's first year as the advisor, she showed the courage, talent, and determination needed to guide us through the year. Without her help and understanding, this yearbook may not have been completed. She worked until she almost dropped from exhaustion, while many of us, without admitting it, did not. I do not quite understand how Ms. Knold endured her sanity while working with us. I sincerely appreciate all her time, effort, support, and friendship. I especially admire the humorous side of her personality. She kept the annual staff going when we felt low and defeated. Ms. Knold, thank you so much for being there when I needed you.

Thanks also goes to Mrs. Jan McDowell, our Business Advisor. She managed to smooth out the financial aspects of the production of the yearbook. This year we sold more yearbooks than in previous year, and Mrs. McDowell's handling of the sales helped make this possible.

The photographers at Bryn-Alan, with their clicking of the cameras, and adjusting for our last minute changes, were the best. Harry and Mike are super people. I would also like to thank Mr. Kyle Duncan, our Taylor Publishing representative. He assisted us when we did not have the slightest idea of what we were doing. He cooperated and aided us throughout the year with all our problems.

Cooperation was also found among the students, faculty, local businesses, and families of the Ed White Community. The students and faculty cooperated when candid shots and copy had to be completed at certain deadlines. The local businesses and families supported us with their financial contributions to our advertisement section.

I hope everyone can enjoy the memories included in this yearbook. Hopefully, as the days, months, and years go by, you can look back and remember all the happy times you spent at Edward H. White Senior High School by looking through your copy of Odyssey X, 1980-1981.

A Note From the Advisor . . .

This year has certainly been one I won't readily forget. Putting together a yearbook of this size is a much larger task than I ever envisioned. It has been a long, hard year. You have the results of our works in your hands. As you look through it, pause to acknowledge all the effort, talent, time, and energy encompassed in this production. Too often it is easy to criticize; I hope your criticisms will be constructive and your comments will be positive. If you feel you can make a contribution to the making of a yearbook, now is the time to get involved. People who are willing to work, make a yearbook possible.

In addition to the recognition of special people above, I would like to include the following; Elamor Franco — you did a super job. You overcame the opposition and won. Mrs. Maggie O'Connor helped me through the rough times. Thanks for being available when I needed a shoulder to cry on. Appreciation is extended to the Social Studies Department, who put up with me, and especially to Mrs. Betty Snead. Without her caring and effort to keep me going, I could not have managed my academic concern. Jenny Vedral is a special person and a person I call a friend. Thanks. There are a few people on the yearbook staff who did the extra work required. You know who you are and I thank you for the help you gave me.

I hope you enjoy your yearbook. To whomever serves as advisor to the yearbook in the years to come, I wish you all the good things this task can bring, tons of stamina, a talent of organization, a good staff, and lots of LUCK!!
